<mailto:(b) (6)>

**Purpose:** The purpose of this meeting is to provide an opportunity for trade associations and small businesses to meet informally with the Deputy Administrator and other Agency senior managers (AAs/DAs) to discuss a few topics that are of particular concern to small businesses. This meeting provides an excellent opportunity for the Deputy Administrator and EPA senior managers to meet with trade associations representing small businesses and directly with small businesses to discuss their needs and concerns, as well as their recommendations regarding these important issues.

**Background:** These meetings were held at least semi-annually for over sixteen years and were extremely successful. The last meeting was held June 10, 2014.

Over the years these meetings have served to not only improve understanding on both sides of an issue, but also at times to change practices that may have been unduly burdensome to small businesses. These meetings have served to bring about thoughtful exchanges of information which have lead to better mutual understanding and easier resolution of subsequent issues by less formal means. Small businesses and trade association representatives are extremely appreciative for the opportunity to meet personally with the Deputy Administrator to express their concerns and share potential recommendations.

**Agenda Topics:** OSBP works with small businesses, small business trade associations, and with the Small Business Administration's Office of Advocacy to identify issues that are of most interest or concern to small business. OSBP creates an agenda and works with the appropriate program offices to develop fact sheets and briefing materials for the topics (if requested by the DA). OSBP will send an electronic notice to a group of small businesses and national trade associations representing small business to solicit key environmental topics of interest.

OSBP will select three or four of these topics to include on the agenda and if requested by the DA, provide corresponding fact sheets for those topics.

**Date:** We are requesting to schedule this meeting for the first week of May 2015 to coincide with Small Business Week. A number of small business activities will be hosted across the agency during Small Business Week. We suggest May 4, 5, 7 or 8.

**Time (Duration):** A 2-hour period, from 10 AM - 12NOON.

**Timing of the Deputy Administrator's Attendance:** The Deputy Administrator is expected to attend for the duration of the meeting.

**Location:** EPA Headquarters. Room to be determined based on availability.

**Participants:** We will invite a small business owners/operators and small business trade association executives (no more than 25 total), a representative from the Small Business Administration's Office of Advocacy, and EPA Assistant Administrators (as per topic) and staff from the following offices: Office of Air and Radiation, Office of Water, Office of Solid Waste and Emergency Response, Office of Chemical

Safety and Pollution Prevention, Office of Policy, Office of Enforcement and Compliance Assurance; and the Office of Research and Development as well as Office of General Counsel.

Outline of Event (Including Administrator's Role): The Administrator's participation is not required. General agenda is as follows:

Introductions Kimberly Patrick, Acting Director, OSBP

Welcoming Remarks Acting Deputy Administrator

Program Office Presentations Senior Managers

Open Discussion Industry Representatives

Closing Remarks Acting Deputy Administrator

Remarks Required: Talking points will be provided for the Acting Deputy Administrator once we have determined the final agenda topics.

 Diane Wood will be using the reception as a way to introduce new board members to staff. NEEF would be honored if the Deputy Administrator would attend his first NEEF Board reception/meeting as the new Acting Deputy Administrator of EPA. This has no set time.

NEEF is willing to work with the Deputy Administrator's time to make this possible during the reception.

Purpose: Pre-brief the Acting DA on cross-cutting management challenges and issues identified by GAO, OMB, and OIG for FY 2015; identify any new or emerging Agency issues; and review progress in addressing existing Agency-level weaknesses and significant deficiencies

Role of the Deputy Administrator: Chair the Listening Meeting; conduct opening and closing for Update Meeting

Background: The annual Management Integrity Listening/Update Meeting is one of the major milestones in the Agency's annual FMFIA (Federal Managers' Financial Integrity Act) process to identify and address management issues.

The two-part meeting comprises: 1) our annual "Listening" Meeting, for which EPA invites representatives from OIG, GAO, and OMB to provide their perspectives on our most challenging management issues to the Agency's senior leadership, and (2) an internal "Update" Meeting to review the status of current weaknesses and significant deficiencies and to identify emerging issues. OCFO will use the

information from the meetings to develop its midyear status report to the Administrator.

Last possible date for the meeting: May 7, 2015

Is the meeting urgent and if so, why?:

	<b>Show Time As</b>	Busy E-Enterprise Leadership Council, The entire call on May 7th is devoted to the positioning platform and the EELC will be seeing the presentation for the first time during the call. Having it presented to the EELC on the call (as opposed to being distributed beforehand) is a deliberate strategy so that all of you are able offer real-team reactions and reflections on the material. So, for the May 7th call it is very important to plan to be at a computer and connect to the Adobe Connect session – the EELC will be receiving a briefing on the E-Enterprise communication positioning platform via PowerPoint.

Background Materials

Attached is a draft agenda for the May 7th call and “Leadership

Positioning Discovery Summary.” The discovery summary document is intended to be a snapshot of key internal and external strategic insights on core positioning elements. It is based on 13-15 interviews so it is not comprehensive, but is used as a tool to feed into the development of messaging and leadership opportunities for the EELC. The document contains a one page “Key Learnings” section along with 10+ pages of excerpts from the interviews. The excerpts are not filtered, so the language in some of them may feel harsh. The purpose of this document is, however, to look for the meaning behind the words so that the positioning platform (which the EELC will be hearing for the first time on the call) can adequately address those places where perceptions need to change. We don’t plan to spend time reviewing this document on the May 7 call. It is provided as background and context for the EELC’s engagement on the positioning platform during the May 7th call.

Denise:

As requested here is a short list of topics that I would like to speak with Stan Meiburg about:

1. HHS/CDC General Discussion of On-going Activities
2. International Informatics Including Health & Environment
3. General Catch Up on EPA Activities

As noted, a half hour or 15 minutes at Stan's convenience please, coffee in the plaza, food court etc would be fine if that's the preference.

Thank you in advance,

Subject: Meeting Request for Tony Parrott

Elena:

This follows our telephone discussion earlier this afternoon and is a request to meet with Deputy Administrator Meiburg on the SRF programs as one of the nation's most vital forms of public infrastructure investments. This request is being made at the suggestion of the Administrator's scheduling team where our requests to meet with Agency management began.

Tony Parrott is the executive director of Cincinnati's jointly managed drinking water and wastewater utilities. These utilities are making major infrastructure investments and rely heavily on the SRF programs. Among the initiatives that the Cincinnati wastewater utility is pursuing is heavy investments in green infrastructure for its combined sewer system.

Cincinnati is strongly supportive of national infrastructure investments and any initiative that the President may pursue, as well as any legislation to be pursued in the Congress. Among other topics of interest is legislation to support EPA's integrated planning initiative as well as reauthorization of the SRFs. Congressman Chabot of Cincinnati introduced such legislation in the last Congress.

Tony will also be prepared to discuss thoughts of revenue to address ongoing concerns about the long-term resiliency of both SRFs.

Would the middle of next week be available on Stan's calendar?

Many thanks for your courtesies.

Purpose: To discuss the revised FY 16-17 Agency Priority Goal (APG) statements for OW with the Acting Deputy Administrator for sign-off.

Role of the Deputy Administrator: To provide feedback and sign-off on OW's FY 16-17 APG statements in advance of submitting to OMB.

Background: GPRA Modernization Act requires each CFO Act agency to develop APGs. We are currently developing the FY 16-17 APGs and the first deliverable is the draft FY 16-17 APG statements which are due to OMB on May 15. FY 16-17 APG proposals were first discussed during the Strategic Review meetings where the Acting Deputy Administrator provided feedback on OW's proposals.

The goal with each of our guest speakers is to discuss the work they do as it relates to sustainability and environmental protection, what the challenges are, and the opportunities, too. These sessions are fully "off the record," so we urge their candor. A secondary role of our speakers is to model career paths for our graduate students and discuss career opportunities.

Ideally, we would like to plan on him being with the group about an hour and 15 minutes. Perhaps 45 minutes to present with 30 minutes for discussion, but if he cannot stay that long that is okay as well.

Please let me know what additional questions you have and what additional information I can provide.

Elena, thank you for getting in touch with me so quickly. Would 1:00 p.m. on the 12th work for him? That would be ideal for us, but we can be flexible if that isn't good. We will be meeting that day at the Pulitzer Center at 1779 Massachusetts Avenue.

I'm not sure if you are aware, but recently Wake Forest decided to open an office in Washington, and I moved here in December to do just that. My work consists of a number of things to raise the profile of Wake Forest in D.C., including building a more robust network of alumni on the hill, government, agencies, the administration and in other related areas, as well as create opportunities for current students and alumni in the metro area to interact on a regular basis.

sustainability up here in May. If there is any chance you have time and are willing to talk with these students, that would be great. The dates are the afternoon of May 12 and the morning and afternoon of May 13. Here is some information on the program and the trip:

>

> Wake Forest has its first graduate class in sustainability right now - 18 students. Ten or 12 will be coming to D.C. These are early and mid-career professionals looking to transition into careers in sustainability - business, government, NGO's, policy, non-profits. Some of their coursework includes applied sustainability, communications and leadership workshops, resource management and energy sciences. An over-arching theme for the program is climate change, particular its impact on a state like North Carolina. The goal in leading this trip to D.C. in May is for them to hear from and meet with a wide range of experts in climate change and sustainability, learn about the work they do and get a clear understanding of the challenges they face (practically and politically) and the impact they can have. Overall, the hope for our Washington trip is to further inform the students' academic growth, model possible career paths and provide networking opportunities. They will each graduate in August.

>

> Let me know if this is a possibility to have you speak - it would be great for our students to hear from you. I'm sure we would love to have you speak to our metro alumni club and even speak on campus sometime, but I won't throw too many asks your way right now!

>

> I noticed you are signed up for the event with Al Hunt on Monday, and I look forward to meeting you in person there. In the meantime, let me know if you think the May dates are a possibility. And congratulations and thank you for representing Wake Forest so well! We are proud to call you our own!

Purpose: Discuss cross-cutting management challenges and issues identified by GAO, OMB, and OIG; identify any new or emerging Agency issues; and review progress in addressing existing Agency-level weaknesses and significant deficiencies

Role of the Deputy Administrator: Chair the meeting

Background: The Management Integrity Listening/Update Meeting is an annual meeting. It is also one of the major milestones in the Agency's annual process to identify and address management issues. As part of its integrity process, each year EPA invites representatives of OMB, GAO, and OIG to present their lists of management issues facing EPA to the Agency's senior leaders.

The meeting will consist of two parts: 1) our annual "listening" meeting during which OMB, GAO, and OIG representatives will provide their perspectives on EPA's most challenging management issues, and (2) an internal "update" meeting to review the status of current weaknesses and significant deficiencies and to identify emerging issues. OCFO will use the information from the meetings to develop the midyear status report to the Administrator.

Last possible date for the meeting: May 14 2015

Requested Time Length: 1 hour

EPA Staff (Required): Assistant Administrators and Regional Administrators

EPA Staff (Optional): Bloom, David;; OBrien, Kathy; Morant Annette; Rutherford, Debbie; Silzer, Steve; Proctor, Sheldonna; Fett, Adam; Dickens, Sandy

External Participants: Representatives from the Government Accountability Office (GAO) and the Office of Management and Budget (OMB)

 Hi Denise,  
 Thanks for your help with this. We would like to reserve about 15 min  
 of Stan's time on Monday May 18 at 10am.

The requested time is for taking a quick video (few seconds) of Stan talking about “What is a High Performing Organization”. The video will be used to launch the Aim High Campaign on High Performing Organization. This campaign will launch on May 27. As part of the launch we are developing a video with staff and managers talking about what HPO means to them. The attached concept shows the storyboard of the video. Stan will be in “slide 10”.

The following should be included on the invite:

POC: Noha Gaber

\* John Reeder

\* Roxanne Smith

\* Shayla Powell

**Subject** Video remarks for stakeholder leadership event in sustainable purchasing

**Location** WJC North 6330

**Show Time As** Busy

Sct: Elena Richardson

Purpose: Record roughly 3 minutes of video remarks for the 2015 Summit of the Sustainable Purchasing Leadership Council (SPLC), a fast-growing organization co-founded by EPA, GSA and a large group of industry, government, NGO & university stakeholders. Background on SPLC can be found below along with draft remarks and the remarks made by GSA Administrator Dan Tangherini for the 2014 SPLC Summit.

Role of the Deputy Administrator: To record the video remarks

Last possible date for the meeting: Friday May 22 (The SPLC Summit is scheduled for May 26-28, 2015 in Seattle).

Is the meeting urgent and if so, why? This is time sensitive since the video would need to be produced and delivered in time for the May 26 Summit in Seattle. To ensure it gets there, taping would probably need to happen by COB Friday May 22.

Point of Contact for the Meeting: Lynsey Lanier (b) (6)

Purpose: The purpose of this meeting is to discuss the results of the strategic reviews, assess long term progress, and inform FY 2017 annual planning and budgeting.

Role of the Deputy Administrator: Role of DA is to engage in discussion with programs, provide input where appropriate, and evaluate strategic review results

Background: This year the strategic reviews will build on the success of and lessons learned from the initial baseline strategy reviews we conducted in FY 2014. Specific areas of focus for FY 2015 include increasing regional engagement, considering areas or issues that may inform EPA's FY 2017 annual planning and budgeting, and identifying key follow-up actions to support continued progress. We would like to plan these meetings for the weeks of April 13 and 20, so that discussions can inform the Agency FY 2017 Planning Meeting to be held on May 5 and 6. Final strategic review summaries of findings will be sent to OMB on May 15.

Last possible date for the meeting: April 24, 2015

**Subject** Celebrating the ReGenesis Model: A Dream Realized  
**Location** Green Room  
**Show Time As** Busy  
Point of Contact for the Meeting: Carlton Eley, (b) (6)

Purpose: On March 31, the American Planning Association will announce State Representative Harold Mitchell, Jr. and the ReGenesis Project will receive the “2015 National Planning Excellence Award for Advancing Diversity and Social Change (in honor of Paul Davidoff)”. OEJ would like to have a May event to celebrate EPA’s contributions to a National Planning Excellence Award Winning Project. The event presents an opportunity to elevate “the measurable benefit of environmental justice” as well as “community driven collaborative revitalization” in a tangible manner.

Role of the Administrator: Administrator McCarthy will offer brief

remarks following the welcome. OEJ would like for the Administrator to speak to the theme of 'Making a Visible Difference in Communities'. Nearly two years have passed since the Administrator introduced the theme of 'making a visible difference'. This will be an opportunity for the Administrator to: remind attendees, internal and external of EPA, why this theme is important; share her notable findings since 2013; and acknowledge EPA has had a long history of making a visible difference in communities that are underserved, under-resourced, and overburdened.

Background: Harold Mitchell will receive the National Planning Excellence Award on April 20 at the National Planning Awards Luncheon in Seattle, WA. Award recipients will not have an opportunity to offer remarks. Because of the significance of the commendation, OEJ feels it is important to celebrate the milestone and to use it as a means to educate staff as well as the public. Also, the American Planning Association's (APA) national office is based in Washington, DC. Colocation presents the APA with an opportunity to present its award to a recipient at a federal facility. Also, the program will give State Representative Harold Mitchell an opportunity to offer brief remarks (3 to 5 minutes) upon accepting the award that cannot be made at APA's National Planning Awards Luncheon.

Last possible date for the meeting: Friday, May 29, 2015. OEJ's preference is to have the meeting on Thursday, May 28.

Is the meeting urgent and if so, why?: Conferring a National Planning Excellence Award to ReGenesis is a major acknowledgement and recognition of 'environmental justice' by a national professional association. It signifies environmental justice is a planning issue, and it is an issue within the purview of planners. APA has approximately 40,000 members. Since 1996, EPA has made a major investment in the ReGenesis Project. Lessons from the ReGenesis Project led to the creation of the Environmental Justice Collaborative Problem Solving Model. Also, OEJ nominated Harold Mitchell for the National Planning Excellence Award in August 2014.

Requested Time Length: 90 mins.

EPA Staff (Required): Administrator Gina McCarthy; Mustafa Ali; Gwendolyn Keyes-Fleming; Stan Meiburg; Matthew Tejada; Mathy Stanislaus

EPA Staff (Optional): Cynthia Giles; Lek Kadeli; Matthew Dalbey
